

Hello GRC Cutters. Our first show was a huge success. I don't have the exact number of works but 185 plus!! We had an excellent crew that came on Friday to set up and a small but mighty crew that stayed to tear down after the show. Remember this is your cutting club and volunteers for set-up and tear down are very appreciated. Thank you to every that pitched in!!

As of right now (Thursday Morning) our next show March 28 & 29 is still on. The board will have a meeting Monday evening and make a decision. If you have any input please contact a board member or myself. My phone number is 208-539-1743. I will send out an email Tuesday with the decision.

With everything going on right now be positive and be smart. We will get thru this!!

Thanks Danny
